

Home School Free Programs

NAME	PRICE	METHOD	TIME	GRADES	RELIGIOUS AFFILIATION	ACCREDITED	NOTES
<u>KHAN ACADEMY</u>	FREE	SELF GUIDED	LOW-HIGH	K-12	NO	NO	You can find videos on nearly any subject from math to history to science. You can even learn another language! This resource requires you to be completely self-guided and driven.
<u>EASY PEASY HOMESCHOOL</u>	FREE	DAILY LESSONS	LOW-HIGH	K-8	YES	NO	Christian based, homemade program that has gained loads of popularity among homeschoolers.
<u>K12.COM</u>	FREE	PERSONALIZED		K-12	NO	YES	An accredited option that connects you with a school local to you. I believe they work with your local school to get the tuition paid for, but I don't completely understand it. I have seen several reviews of other homeschool parents that do not like this program, but it's worth more research if it sounds like your thing.
<u>CONNECTIONS ACADEMY</u>	FREE	GUIDED LEARNING	MID-HIGH	K-12	NO	VARIES	Similar to K12.com. Works with a local school that might be accredited.
<u>CK-12</u>	FREE	SELF GUIDED	LOW-HIGH	K-12	NO		STEM based learning (math and science focus). Feels like a Kahn Academy but with written textbooks online. It seems that schools also work with this site to replace their textbooks.
