

Home School Tuition Based Programs

NAME	PRICE	METHOD	TIME	GRADES	RELIGIOUS AFFILIATION	ACCREDITED	NOTES
PRESCHOOL							
<u>ABC MOUSE</u>	\$			PREK-2	NO	NO	A fun learning platform that builds as you progress. We've been using this long before we left to travel and all my kids have enjoyed it through about age 6. I'm pretty sure Harrison has learned all of the nursery rhythms from the cute videos on this program.
<u>TIME 4 LEARNING</u>	\$		LOW-HIGH	PREK	NO	NO	This program is customizable to you. You can select different grade levels for different subjects (which is fairly common when homeschooling to have your child move at a different pace in each subject). I've seen dozens of great reviews for this program and it would probably be the one I would try next!
<u>KIDS ONLINE ACADEMY</u>	\$\$	SELF GUIDED	LOW-HIGH	PREK-12	NO	NO	This is the program I've been using for the past two years. I really enjoy customizing to each of my kids. This basically gives you access to the same programs kids are using in traditional schools. In fact, we used many of these programs in the schools my kids attended before we left.
ELEMENTARY-HIGH SCHOOL							
<u>ADVENTURE ACADEMY</u>	\$			AGES 8-13	NO	NO	An "older kid" version of abcmouse.com and from the same creators, this platform is for ages 8-13.
<u>TIME 4 LEARNING</u>	\$		LOW-HIGH	PREK-12	NO	NO	This program is customizable to you. You can select different grade levels for different subjects (which is fairly common when homeschooling to have your child move at a different pace in each subject). I've seen dozens of great reviews for this program and it would probably be the one I would try next!
